## Celebrate Family History Month with CGS

### CGS To Host Seminars and Lectures Throughout October

For nearly a decade, October has been celebrated as Family History Month among genealogy enthusiasts. The California Genealogical Society and Library will celebrate by hosting beginning to advanced genealogy seminars throughout the month. Topics range from organizing and performing basic genealogical research to utilizing technology and software to preserve your research. All seminars are open to the public and the usage fee for non-members is waived so the library resources are available **free** of charge.

CGS Events Chair Carolyn Steinberg has put together a full menu of offerings. [Download](#) the ***Family History Month October 2008 brochure***, designed by Colleen Huntley. The complete schedule of classes, workshops and consultations can be found on the [CGS calendar](#).

advantage of this fantastic offer!

The complete listings of consultants, topics and times have been added to the [CGS Google calendar](#) for October. In addition, the full [schedule can be downloaded](#) from the [CGS Web site](#).

### **CGS Ancestors**

#### **Photo Tributes to the CGS Family**

This month's CGS Ancestor Photo was submitted by **Maureen Hanlon**:

*This is a photograph of the Cosmopolitan Grammar School in San Francisco, circa 1895, that includes my grandmother, Katherine (Katie) Sheldon Hanlon, born in San Francisco in 1882. She numbered the faces and wrote names on the back including the headmaster. She is number 26. I thought that these photos might be of interest to others with San Francisco relatives. I did look up some of the names in the 1900 San Francisco census and found them there. These folks must have been there for the earthquake."*
