Editor's Note

A Sizzling Start to Summer

With the Memorial Day holiday just around the corner, the traditional start to summer is fast approaching. Of course, our current California heat wave makes it feel like it's already begun!

In any case, this summer promises to be filled with learning opportunities and other activities. We've got some great classes lined up for the end of May and on into June. Check out the details below.

We're also beginning our extended summer hours as of June 5th -- with a new closing time of 8:30 p.m. on Thursday evenings. We'll be holding a series of classes and workshops on those evenings and we're finalizing the details right now. Stay tuned for announcements about them in the June 1st e-News.

Local Memorial Day Events

Honoring those who have sacrificed their lives for our country

This year's Memorial Day occurs on May 26th. The holiday, originally established to honor those who died during the Civil War, now serves as an occasion to honor all the men and women who have died while serving in the U.S. military.

Here are some of the scheduled events for the Bay Area:

The Presidio, San Francisco
This year's ceremony begins with a parade and ends with a 21-gun salute. After the ceremony, tours of the National Cemetery
will be provided by National Park Service rangers and docents.

**Mountain View Cemetery, Oakland**
Docent Dennis Evanosky will lead a guided tour of the refurbished Civil War plot and other areas of notables that are buried in the cemetery.

**USS Hornet Museum, Alameda**
Their formal service includes an invocation, a wreath-tossing ceremony from the ship, and a military parade with special guests. Prior to the ceremony, there will be musical performances.
